90 MIN

Wed Jan 4 & Thu Jan 5 – 7:00 PM

Fri Jan 6 & Sat Jan 7 – 9:00 PM

Wed Jan 11 & Thu Jan 12 – 9:00 PM

Iconic director Werner Herzog once again takes us deep behind the frontier of an extraordinary place. Having gained unprecedented access through the tightest of restrictions and overcome considerable technical challenges, he has captured, with specially designed 3D cameras, the interior of the Chauvet Cave in southern France. This is where the world's oldest cave paintings were discovered in 1994. In this mesmerising film, he reveals to us a breathtaking subterranean world and leads us to the 32,000 year old artworks. Through his understated and gently humorous voiceover, we are invited to reflect on our primal desire to communicate and represent the world around us, evolution and our place within it, and ultimately what it means to be human.

If you enjoyed the three day pastry contest in France in *The Kings of Pastry*, then you will love this entertaining story of 24 year old gourmet chef Paul Liebrandt who concocts incredible mouth watering dishes to build his reputation in the cut throat world of haute cuisine in New York City. The film follows Liebrandt over a decade and reveals his creative process in the kitchen, as well as the extreme hard work, long hours, and dedication it takes to be a culinary artist. In 2000, Chef Paul Liebrandt was awarded 3 stars by the New York Times - at 24 he was the youngest to receive such acclaim.

SENNA

106 MIN

Thu Jan 26 to Sat Jan 28 – 8:30 PM

Wed Feb 1 – 8:30 PM

Thu Feb 2 – 9:15 PM

Winner of the Sundance World Documentary Award, this riveting story is the best sports film since the Muhammad Ali documentary *When We Were Kings*.

"Senna is a documentary with the pace of a thriller, a story of motors and machines that is beyond compelling because of the intensely human story it tells. Brazil's Ayrton Senna was the boy genius of Formula One racing, winner of three world championships before dying in a crash in 1994 at age 34, a driver current and former Formula One racers recently voted the greatest who ever lived. This remarkable film includes intimate home movie footage, shots taken from inside Senna's car while he was driving, and riveting footage of frequently tempestuous drivers-only meetings held before each race."

DIR. CONSTANCE MARKS
2011 | USA | 76 MIN

Fri Feb 3 to Sun Feb 5 – 7:00 PM

Wed Feb 8 & Thu Feb 9 – 7:00 PM

Fri Feb 10 & Sat Feb 11 – 9:30 PM

Special Jury Prize Winner at the Sundance Festival, *Being Elmo: a Puppeteer's Journey* is the story of the man behind the Muppet's beloved character Elmo. The film traces Kevin Clash's rise from his modest beginnings in Baltimore to his current success as the man behind one of the world's most recognizable and adored characters. Millions of children tune in daily to watch Elmo, yet when Kevin walks down the street he is not recognized. Combining amazing archival footage with material from the present day, filmmaker Constance Marks explores Kevin's story in vivid detail and chronicles the meteoric rise of Jim Henson in the process. Narrated by Whoopi Goldberg and including interviews with Frank Oz, Rosie O'Donnell, Cheryl Henson, Joan Ganz Cooney and others, this insightful and personal documentary offers up a rare, behind-the-scenes look at Sesame Street and the Jim Henson legacy.

"REMARKABLE...a heartwarming story of how one person realized his dream, and made significant sacrifices along the way."

Fri Feb 17 & Sat Feb 18 – 9:00 PM

Sun Feb 19 – 7:00 PM

Wed Feb 22 & Thu Feb 23 – 7:00 PM

Starting from a Texas triple homicide, master filmmaker Werner Herzog (*Grizzly Man*) probes the human psyche to explore why people kill – and why a state kills. In intimate conversations with victims' families, a state executioner, a prison pastor, and a 28 year old death row inmate days away from execution, Herzog achieves what he describes as "a gaze into the abyss of the human soul." His investigation unveils layers of humanity, finding enlightenment in ominous territory.

"Ranks among Werner Herzog's finest... Suggests a cinematic equivalent of Truman Capote's *In Cold Blood*."

PAUL GOODMAN CHANGED MY LIFE

DIR. JONATHAN LEE
2011 | USA | 89 MIN

Fri Feb 24 & Sat Feb 25 – 9:00 PM

Sun Feb 26 – 7:00 PM

Wed Feb 29 & Thu Mar 1 – 7:00 PM

Paul Goodman's 1960 best-seller, *Growing Up Absurd*, became a cornerstone of countercultural thinking, alongside books like *The Autobiography of Malcolm X*, and *The Feminine Mystique*. A brilliant radical thinker and critic, Paul Goodman would have been at the forefront of today's occupy movement. *Paul Goodman Changed My Life* immerses you in an era of high intellect (that heady, cocktail-glass juncture that *Mad Men* has so effectively exploited) when New York was peaking culturally and artistically; when ideas, and the people who propounded them, seemed to punch in at a higher weight class than they do now. Using a treasure trove of archival multimedia—selections from Goodman's poetry; quotes from Susan Sontag, Martin Luther King Jr. and Noam Chomsky; plentiful footage of Goodman himself; plus interviews with his family, peers and activists—director Jonathan Lee has woven together a rich portrait of an intellectual heavyweight whose ideas are long overdue for rediscovery. Today, much of what passes as common knowledge in the fields of education, politics, psychology, urban planning, civil rights, and sexual politics was first posited by him nearly half a century ago.

WINTER NIGHT

FRI JAN 27 – 7:30 PM

THE BLACK LODGE (UPSTAIRS FROM CINEMATHEQUE)

At the geographic centre of the continent, Winnipeg is a thoroughfare and point of convergence of many kinds: railway paths, bird migratory routes, and as the supernatural centre of the land for many aboriginal peoples and spiritualists. Hailing from this, the coldest English-speaking city in the world, Doreen Girard and Irene Bindi developed *Winter Night*. Their similar processes develop through collections of found technology, materials, and stories. Both rely heavily on the Manitoba winter for assistance in their creations.

Join Winnipeg artists – Irene Bindi, Aston Coles, Doreen Girard and Julia Ryckman for a program of live music and moving images inspired by Manitoba's cold winters, grim histories, and supernatural stories.

Sontainen

dir. Doreen Girard and Julia Ryckman

2010 | Canada | 15 min

Animation through a hand-designed animation reel and manipulated slide projector, using focus pulls to "flip" through the images. A portrayal of a Finn named Tom Sukanen who, during the Great Depression in Saskatchewan, built a ship called the Sontainen in order to return to his homeland after losing his family. Instead, Sukanen's efforts only landed him in a mental institution. Winnipeg's musical femme fatale Slattern will be performing a live score consisting of music composed specifically for this performance.

A bible story picture book becomes an ecstatic apparition in the form of slides and tape loops.

Kick Shutter Furs

dir. Irene Bindi

2010 | Canada | 12 min

Outtakes from a winter coat commercial are edited into a hand-painted nightmare. *Kick Shutter* utilizes a secondary shutter effect by controlling power to the projector through Bindi's kick pedal, creating flicker. Live sound by Aston Coles & Irene Bindi.

Celestinorosapalido

dir. Irene Bindi

2010 | Canada | 11 min

In this live 16mm performance the kick pedal is again used as an additional shutter controlling speed and flicker. The film utilizes a combination of colour footage (both found and shot by Bindi) with timed periods of blackness from the 2nd shutter to intensify a progression of colours and movement. Live sound by Irene Bindi and Aston Coles.

ANDY SMETANKA: THE MISSOULA SORCERER

FRI FEB 17 – 7:00 PM

INTRODUCED BY ANDY SMETANKA

Writer, musician, silhouette artist and stop motion animator Andy Smetanka started making Super 8 movies in 2002 after an inspiring trip to Winnipeg, and since 2004 has been working chiefly in animated silhouettes. His work can be seen in the music videos of The Decemberists, and in the 2007 Guy Maddin documentary feature *My Winnipeg* for which he was tasked with recreating episodes from our city's history. As a guest visiting artist he will introduce a program of his remarkable animated shorts and a special screening of *My Winnipeg* and deliver a Master Class in Silhouette Animation.

THIS WESTERN FEELING

DIR. ANDY SMETANKA | 2010 | USA | 3:55 MIN

An example of the personal "illuminated home movie" format Smetanka cleverly employs to record his life and environment, wow contemporary hipsters with vogue-ish music, and recycle the scraps from his cutting-room floor. All in one flashy package!

CITY IN SHADOWS

DIR. ANDY SMETANKA | 2011 | USA | 5:53 MIN

Inspired by the recreated skylines of Winnipeg, Smetanka set his sights a little closer to home for his second city-tribute en silhouette, which was created on public display at the Missoula Art Museum over a period of two months.

SEXY ASTRONAUT

DIR. ANDY SMETANKA | 2002 | USA | 6:12 MIN

The movie that started it all! Darn it all anyway, Smetanka thought after stalking his film idols all the way to Winnipeg, when I get home I'm going to show Guy and George that I can make a movie, too! As if on cue, Missoula pop cosmonauts Volumen smuggled this ultra-catchy souvenir back from the seventh dimension and said, "Here you go, man."

SNAKES

DIR. ANDY SMETANKA | 2003 | USA | 3:30 MIN

The second installment of the seminal Volumen Trilogy, delving deeper into the strange world of Volumen with dioramas and skeleton costumes and also providing the first glimpses of Smetanka's silhouette future.

EVERY OTHER WORD

DIR. ANDY SMETANKA | 2008 | USA | 3:04 MIN

Briefly tired of laboring in the shadow of silhouette genius Lotte Reiniger, Smetanka turns aside to wallow in the shell-hole sized footsteps of another early inspiration—Norman McLaren—in this gloriously scratchy scratch animation.

LE WIZARD

DIR. ANDY SMETANKA | 2006 | USA | 5:34 MIN

What's a peaceful farming hamlet to do when a big bad sorcerer lays a withering curse on their "jazz tobacco?" Take up arms and settle his hash, that's what! Features the blistering riffage of Salt Lake City metal duo Le Force.

THE BACHELOR AND THE BRIDE

DIR. ANDY SMETANKA | 2004 | USA | 6:34 MIN

A lovely country lass can't even scythe her barley or blow dandelion fuzz without attracting the unwanted attentions of a priapic old aristocrat from the nearby city. The first of two silhouette videos created for Portland, Oregon's much-loved Decemberists.

Q & A AND RECEPTION TO FOLLOW

The Manitoba Historical Society in partnership with the Hudson's Bay Company Archives and Five Door Films will host a film event to celebrate the return to Canada of rarely seen films documenting the Hudson Bay Company's activities and first nations communities in the Canadian north in the early 20th century. The screening includes excerpts from the newly transferred nitrate film footage of *The Romance of the Far Fur Country* which premiered on May 23, 1920, at Winnipeg's illustrious Allen Theatre. The film was then released across Western Canada, and was eventually re-cut for a British version and screened in London. Less than a decade later, the film disappeared from public view; the canisters of nitrate film stock were packed away by the HBC in an archive in London for safe keeping — but lost to the world... until now.

The screening will be followed by presentations that discuss the circumstances surrounding the return of the films and the projects underway to promote knowledge of them to wider audiences and to the communities represented in the films.

SONIC OUTLAWS

DIR. CRAIG BALDWIN
1995 | USA | 87 MIN

SAT FEB 25 – 7:00 PM

INTRODUCED BY
CRAIG BALDWIN

Sonic Outlaws explores the artist culture of appropriating images, culture jamming and defying copyright. Within days after the release of Bay Area recording and performance group Negativland's clever parody of U2 and Casey Kasem, recording industry giant Island Records descended upon the band with a battery of lawyers intent on erasing the piece from the history of rock music. Baldwin follows this and other intellectual property controversies across the contemporary arts scene. Playful and ironic, his cut-and-paste collage-essay surveys the prospects for an "electronic folk culture" in the midst of an increasingly commodified corporate media landscape.
